

Dear Sir or Madam,

We are pleased to invite the members of your Students' Scientific Club to become active participants of the 19th International and 61st Polish Conference Juvenes Pro Medicina which will be held from the **11th to the 13th of May 2023** in Łódź.

Juvenes Pro Medicina is a prestigious international students' conference with traditions reaching more than sixty years back. Being among the largest of its kind in Poland and the region, it attracts more than 500 participants each year. Well-rounded programme creates unique opportunity to present research at more than 20 thematic sessions, develop professional skills at around 20 workshops and network with young scientists at post-conference banquet.

During the conference, active participants will enjoy the opportunity to present their research in 22 thematic sessions, including:

- Basic Science
- Cardiology
- Dermatology
- Gynecology and Obstetrics
- Immunology
- Internal Medicine
- Nephrology
- Neurology
- Oncology
- Ophtalmology
- Orthopeadics
- Pediatrics
- Pharmacy
- PhD
- Psychiatry
- Radiology and Nuclear Medicine
- Surgery and Transplantology
- Case studies: Internal Medicine
- Case studies: Surgery
- Case studies: Oncology
- Case studies: Pediatrics
- **Plenary Session** for the best presentations in each original research session

We dearly encourage members of your Students' Scientific Club to send abstracts of their work relevant to the aforementioned sessions. Registration is based on submitting an abstract (in English) via form available on the [website](#). After preliminary assesment, qualified works will be presented orally during the conference. The call for abstracts will open on **20.02**. Deadline for application is **19.03**.

The conference will be held at the **Medical University of Łódź** campus. Active participants are strongly encouraged to give their presentation **on-site**. Online participation is permitted only in justified cases, e.g. for international participants. The conference language will be **English**.
