

Summer School Molecular Medicine

generously funded by the German Academic Exchange Service

DAAD

Deutscher Akademischer Austauschdienst
German Academic Exchange Service

You would like to get familiar with research topics of molecular medicine and modern laboratory techniques and learn more about the cultural life of Jena and its environs? → **Apply for the Summer School Molecular Medicine until April 15th 2021**

We encourage highly motivated young scientists with an excellent master degree (or equivalent) to apply for the *Summer School Molecular Medicine*. The course is free of charge. The accepted candidates will be supported by a DAAD fellowship, which will cover costs for accommodation and part of the travel expenses. Candidates who have successfully completed the course will have the possibility to apply for a **PhD position** in the participating research groups. Candidates with an MD have the possibility of joining a MD or MD/PhD program.

You will find detailed information about the Summer School on our homepage under the following address:

<https://www.uniklinikum-jena.de/summerschoolmolmed/en/>

Requirements

- Master's / Diploma degree in biosciences, biochemistry, medicine or related fields
- Above-average grades
- Experience in standard laboratory techniques
- High level of English proficiency
